

Dear all MPhil Anatomy students,

Welcome all, our new students (semester 1) as well as semester 2 students. By the end of 'Fall 2015 semester' we hope that you will have acquired a reasonable working knowledge of Neuroanatomy, Gross Anatomy, Microscopic Anatomy as well as radiological and Applied Anatomy. We shall be following most of the principles of adult learning thus most of the course shall be self-directed. Thus, I hope that this semester shall be able to fulfil most of your academic aspirations.

Some important information as regards this semester:

1. Classes shall commence on 07/09/2015 at 8.30 am sharp. The timetable has already been uploaded.
2. It is mandatory to bring your Laptops to Histology as well as abdomen and pelvis classes as most of the learning shall be PBL/Virtual.
3. Assessments shall be in the form of quizzes, midterm exam (written MCQ format) and a final term exam (written MCQ format). In addition class assignments and presentations are mandatory and each course supervisor shall inform you of the topics and dates.
4. For the Histology and Abdomen & pelvis courses it is mandatory to make posters for which guidance shall be provided.
