PROFESSIONAL EXPERIENCE

Medical Officer (BPS-17) | November 2025 - Present

Khyber Medical University - Institute of Basic Medical Sciences (Physiology Department), Peshawar

- Posted by the Competent Authority from the KP Health Department to the KMU-Institute of Basic Medical Sciences in the public interest, following Government Notification No. SOH(E-II)/1-1/2025
- Contributes specialized medical and academic expertise to the Physiology Department, enhancing the institution's teaching and research capabilities
- Maintains administrative and financial integration with the original posting at the District Health Office (DHO), Peshawar, ensuring continuity of public service
- Operates under the direct authority and approval of the Vice Chancellor of Khyber Medical University

Medical Officer (BPS-17) | July 2017 - October 2025

Government of Khyber Pakhtunkhwa Health Department (DHO, Peshawar)

- Served as a Women Medical Officer, providing essential clinical services and patient care within the district health framework
- Managed a diverse caseload, ensuring adherence to provincial healthcare protocols and standards
- Collaborated with multidisciplinary teams to deliver comprehensive medical services and public health initiatives

Assistant to Cardiologist | April 2016 - July 2017

Canberra, Australia

- Supported a senior cardiologist in a high-volume clinical setting, managing patient flow, preliminary assessments, and clinical documentation
- Assisted in diagnostic procedures and contributed to patient management plans under specialist supervision
- Gained exposure to international healthcare standards and advanced cardiac care protocols

Female Medical Officer (FMO) | October 2014 - December 2015

DHQ Hospital Alpurai, Shangla / CWS

- Delivered comprehensive medical care at a District Headquarters hospital, managing a wide range of clinical cases in a resource-conscious environment
- Served as the FMO for the Community Welfare Services (CWS) program, focusing on accessible healthcare delivery
- Played a key role in maternal and child health services and routine medical interventions for the local population

Lecturer | November 2013 - December 2013

Al-Razi Medical College

- Developed and delivered physiology and basic medical sciences curriculum to undergraduate medical students
- Facilitated academic instruction and practical learning, bridging theoretical knowledge with clinical application
- Contributed to the educational foundation of future medical professionals

Female Medical Officer (FMO) | February 2011 - October 2013

KPPHI, DSU Kohat & PRSP, DSU Chakwal

- Served as FMO for the Khyber Pakhtunkhwa Provincial Health Initiative (KPPHI) in Kohat, implementing district-level health programs
- Previously served with the Punjab Rural Support Programme (PRSP) in Chakwal, managing clinical services and health initiatives in rural communities
- Built practical experience in public health program execution and primary care delivery in diverse regional settings
